You'll find that action is everywhere in Las Vegas on your 3 day/2 night getaway. A 50-story Eiffel Tower looms over The Strip, gondoliers "o sole mio" their way down an ersatz Grand Canal, and acres of neon turn night into a multicolored day.

Gamblers defy reason in their attempt to seduce the goddess of chance, while onstage extravaganzas manipulate reality with mind-bending special effects.

Even a meal can be an adventure, whether an all-you-can-eat buffet or a house of haute cuisine that you wouldn't expect to find in the Nevada desert. Head out of town and you'll come across otherworldly landscapes that nature has etched over the years. And of course, don't forget the shopping; Vegas truly is a shopper's paradise.
